

THE BEACH
CLUB - KRABI

FOOD MENU

Quality and sustainability are our top priorities! To enrich homemade cooking, most ingredients are seasonal and locally sourced within 30 kilometers from nearby markets, herbs, salad and vegetables from our own organic farms located 2 kilometers away. We also give small support to our local fishermen in the village to buy daily naturally caught seafoods such as sea bass, grouper, squid, prawns and clams. Our food supplies are less travelled and low carbon footprint. Be part of this meaningful story and enjoy The Beach Club's vibe!
